

PRODUCT SPECIFICATIONS

Steeljet 4054 PET Receptive Media (Sol / Lat)

SJ-4054

Steeljet 4054 PET Receptive Media is a synthetic PET receptive media ideal for graphic and point of purchase applications. Contains ferrous metal that is attracted to magnets. The smooth matt coating provides excellent print performance. An economical solution for in store graphics that allows for fast easy change outs by retail staff. Recommended for indoor applications.

Key Features

- ▶ White matt PET base film sandwiched between a white matt and steel coating
- ▶ Contains ferrous metal that is attracted to a magnetic base product
- ▶ Easy to apply, remove and change graphics without residue
- ▶ Will not rust or demagnetise
- ▶ The premium PET base is durable making it ideal for indoor displays

Applications

- ▶ Indoor displays
