

HONEYCOMB BOARD

INVERTED CORRUGATED CORE BOARD

Product Overview

Honeycomb Board is a premium honeycomb core board with print grade surfaces in either kraft or white finishes.

It is able to be bent and v-cut and the hexagonal (honeycomb) cellular structure provides good load capacity, making it ideal in the construction of exhibition furniture.

This premium quality board is 100% recyclable and adds to our growing list of environmentally friendly offerings.

Key Features

- 100% recyclable carton board
- Ideal for cutting and bending
- Good performance for V-cutting
- High strength with good load capacity
- Lightweight for ease of handling
- Good for both heat and sound isolation
- Moisture-resistant

Applications

- Exhibition stands & furniture
- Display racks
- Mounting board
- POP displays
- Shop fittings & displays

Product Performance and Suitability: We believe the statements and information contained herein are accurate but are to be used only as general guidelines and are not warrants or guarantees. Because of the variety of possible uses, there is no warranty of fitness for a particular purpose. The buyer must test the suitability for each intended application before using. Aarque Group Ltd will not be liable for damages in excess of the purchase price of its products or for incidental or consequential damages. Should any failure to conform to this warranty appear within one year of the initial date of shipment, Aarque Group Ltd shall, upon notification thereof and substantiation that the products have been stored and applied in accordance with Aarque Group Ltd's standards, correct such defects by suitable repair or replacement without charge at Aarque Group Ltd's plant or at the location of the products (at Aarque Group Ltd's election); provided, however, if Aarque Group Ltd determines that repair or replacement is not commercially practical, Aarque Group Ltd shall issue a credit in favour of the buyer in an amount not to exceed the initial purchase price of the product from Aarque Group Ltd.
