Avery Dennison® MPI 2105 Easy Apply™ RS

Avery Dennison® MPI 2105 Easy Apply™ RS is a polymeric calendered pressure sensitive film ideal for a wide range of medium-term promotional and general signage, labels and decals. The RS (Repositionable, Slidable) adhesive reduces wrinkling and air entrapment and allows graphics to be repositioned during application. The two side PE StaFlat™ liner provides excellent handling. Easy removability with heat for up to 4 years with little or no adhesive residue. Provides excellent printability and across all major print platforms. Recommended for indoor and outdoor applications onto flat surfaces, simple curves and gentle corrugations.

OUTDOOR DURABILITY: Up to 7 years unprinted

Avery Dennison® SP1504 Easy Apply™ RS

Shift up to a more sustainable solution and a spectacular wrapping experience. The SP 1504 Easy Apply™ is a premium digitally printable film that is also PVC-free. A more environmentally friendly choice that also delivers high performance. Excellent printability delivers stunning colours, is highly conformable and repositionable. Corrugations, curves and rivets are quick and easy to wrap. Suitable for both indoors and outdoors, the SP 1504 Easy Apply ™ can be used for many applications, including customised designs for private vehicles and branded fleet wrapping. SP 1504 Easy Apply ™ is part of the Sustainable Print portfolio, designed to provide a more sustainable alternative to PVC products. Being free of chlorine, phthalates or other halogens, it reduces volatile organic compounds (VOC). It provides an easy to apply solution for end users looking to take a step towards becoming more sustainable without sacrificing performance.

Muramour Digital Wallpapers

Muramour Digital Wallpapers is a range of paper digital wallpapers ideal for customised murals in domestic and commercial interiors. Developed for designers, architects & interior display specialists. Durable, heavyweight, washable and easy to install. Recommended for indoor applications onto smooth flat surfaces.

TOTAL WEIGHT: 300 gsm
COLOUR: White
ADHESIVE: N/A paste to the wall

Products in the Muramour Range
Muramour Antico : An understated plaster effect finish that adds a subtle, aged quality to your graphics. Its gentle irregular stucco grain makes it perfect for true colour and vibrant graphic images.
Muramour Dune : A texture-rich finish with fine raised rivulets running vertically across its high-white surface giving an organic, yet somehow vintage look and feel to the wall covering. This finish adds a touch of sophistication to digital images designed to be an integral part of a public space.
Muramour Linen : A classic finish that lends style and grace to any interior space and a truly elegant choice that is superb for large public areas requiring a sophisticated look and feel. Its fine texture produces sharp imagery and brings out lusciously rich tonal qualities to dress a space to perfection.
Muramour Sable : This fine sand finish gives that subtle touch and produces a softer image with the aesthetics of canvas art. Perfect for spaces that require ambient graphics to enhance the mood of the space. Produces great colour yet is softly spoken with a hint of class and sophistication.
